2024-2025 Student Information Worksheet
Yale Law School Financial Aid Application and Scholarship Tool (FAAST)

This worksheet provides a step-by-step instruction guide for the Student portion of the FAAST application including detailed explanations of the application questions, Frequently Asked Questions and a checklist of helpful data to have available in the process.

Note that this worksheet is based on all the potential student/applicant questions in the FAAST system. However, not all of the questions listed on the worksheet will appear for you to actually complete. FAAST uses your initial responses to questions to then determine what follow up questions are required and, as such, minimizes the number of questions you must actually complete. The goal of FAAST is to have you complete a nominal amount of questions specific to your individual financial situation while at the same time providing Yale Law School with sufficient information to perform an equitable financial need analysis.

Many of the questions will require a mandatory response before proceeding in the application. In the case of mandatory questions that require a numeric response, enter 0 (or $0) if the question is not applicable to your circumstance. Current YLS students will have the opportunity to have data from a previous year application imported into this year’s application.

We encourage applicants to review this worksheet prior to beginning the FAAST application and also to keep the worksheet accessible while actually completing the FAAST application. Applicants are always encouraged to reach out to YLS Financial Aid through our designated FAAST email (FAAST.law@yale.edu) with any questions on the application.

**FAAST : Frequently Asked Questions**

Q - When should I complete FAAST?
We suggest new admit students submit FAAST as soon as the application becomes available if they wish to have an aid award in a timely manner to make admission acceptance decisions. Current students should submit FAAST for financial aid renewal by April 15th annually.

Q - What type of information will I need to complete FAAST?
This worksheet includes “Helpful Data to Complete FAAST” (page 9) - a check-list of key income, expense and asset documentation to have available while working on the application. LLM & MSLs will be able to upload their documentation as part of the FAAST application.

Q – How long does it take to fill out the application? FAAST is meant to person-alize the aid application experience, required questions are generated on the basis of your own responses to prior questions. As such, the experience of completing FAAST will never be the same for any two applicants. FAAST is designed to be as simple, and efficient as possible for applicants while still yielding YLS with necessary data to make an equitable aid award.

Q - Can I begin an application now and return later?
Yes. FAAST automatically saves any data that you input so that you can begin an application, log out and return to where you left off. The status bar tracks both where you are in the application process and what remains to be completed.

FAAST : Frequently Asked Questions

Q- Can the student complete the Parent portion of FAAST on behalf of my parents? We recognize that in some cases parents may not have ready access to technology or may have logistical or communication challenges with the present online system. If a parent is unable to do so, the student may complete the application on their behalf with their permission. If you do so, it is critical that the student log in using the Parent URL (to link the Student and Parent sections of the application) Parent information, particularly financial data, must be as accurate as possible. Incoming students are required to submit tax return documentation later in the financial aid process that will be verified against the FAAST data. If there are variances in that review, aid awards will be revised.

Q- Who do I contact if I am having technical difficulties with the system? If you experience any type of technical challenges with the FAAST system, bring them to our immediate attention by emailing FAAST.law@yale.edu. In your email please be as detailed as possible as to what the problem is that you are experiencing. If the Financial Aid staff that monitors that mailbox are unable to resolve your issue, we will refer the matter to our YLS IT department for resolution.
