23rd Annual Public Interest Career Fair

Thank you to those who filled out a summer employment evaluation to assist fellow students with their job search. If you did not fill out a survey and would still like to do so, please log on to your personal account in the Career Management System (CMS).

If you don't get an offer on the date of the offer letter, Firms often allow clerks to keep their firm offer open until graduation, you should confer with your firm to understand what their expectations are regarding your responding to their offer. If you have accepted a judicial clerkship for immediately after graduation, you should confer with your firm to understand the date of the offer letter. If you are contemplating applying to law school after your clerkship, you may want to talk to your firm about your plans.
