INTRODUCTION

Bias, homophobia, and sexism have no place in the Department of Veterans Affairs (VA), which is tasked with fairly adjudicating veterans’ claims for disability benefits, including those based on military sexual assault. Yet, from 2007 to late 2015, multiple senior Veterans Law Judges and attorneys at the Board of Veterans Appeals routinely exchanged bigoted messages over government email and in an online message board that they called the “Forum of Hate.” These messages—which included slurs referring to male VA employees as “butt buddies” and speculating about whether male coworkers engaged in oral sex with one another—reveal alarming homophobic attitudes by VA adjudicators. More disturbingly, such attitudes seem to reflect a widespread culture of bias within the VA, potentially leading to the unlawful denial of male survivors’ disability claims, as male survivors of sexual assault are often already disbelieved, feminized, and stereotyped as gay because of the pernicious myth that heterosexual “men don’t get raped.”

In the summer of 2017, Plaintiffs Protect Our Defenders and Connecticut Veterans Legal Center, made requests under the Freedom of Information Act to obtain records to reveal whether systemic bias within the VA has resulted in discriminatory adjudication of benefits claims, violating the rights of male veterans who experience military sexual trauma. Plaintiffs fear that the

VA discriminates against male veterans due to a biased belief that male survivors are less credible and deserving of benefits than female survivors.

More than six months later, the VA has failed to disclose records about disparities in the grant and denial rates of male military sexual trauma survivors' disability claims—data that goes to the heart of plaintiffs' requests. The VA has also made no apparent effort to investigate the full scope of the VA's homophobic and sexist culture, to address the root causes of bias in its adjudicatory processes, and to provide restitution to veterans victimized by its biased decision making. The VA's failure to uncover the full scale of the bigotry within its system undermines veterans' ability to trust that their assigned Veterans Law Judge will adjudicate their claim on the basis of the facts, not their gender. The public—and the many veterans who seek benefits for the sexual trauma they experienced during service—deserve answers as quickly as possible.

JURISDICTION AND VENUE

1. This Court has jurisdiction over this matter pursuant to 5 U.S.C. § 552(a)(4)(B) and 28 U.S.C. §§ 1331 and 1361.

2. Venue lies in this district under 5 U.S.C. § 552(a)(4)(B) and 28 U.S.C. § 1391(e)(3) as Plaintiff Connecticut Veterans Legal Center resides and has its primary place of business in the District of Connecticut, and no real property is involved in this action.

PARTIES

3. Plaintiff Protect Our Defenders (POD) is the only national nonprofit organization solely dedicated to ending the epidemic of sexual harassment, assault, and rape in the military, and to combating a culture of pervasive misogyny and retribution against victims. POD honors, supports, and gives voice to survivors of military sexual assault and sexual harassment, and seeks reforms to ensure that all survivors and service members are provided a safe, respectful work environment and have access to a fair, impartially administered system of justice. POD's

commitment to servicemembers extends beyond their time on active duty. Ensuring that survivors have access to justice, benefits, and compensation as they transition into civilian life requires inquiry into the VA's practices. POD analyzes sexual assault and harassment data, publicizes its research, presses for collection and disclosure of military and VA data on demographics of and disparities affecting both the victim and the accused, educates the public and press on key findings, and collaborates on major research projects. Because members of Congress, stakeholders, survivors, veterans' advocates, and the press rely on POD for fact-based analysis, it is crucial that POD receive the requested information promptly, as required by statute.

4. Plaintiff Connecticut Veterans Legal Center (CVLC) is a Connecticut-based nonprofit organization whose mission is to help veterans who have experienced homelessness and mental illness overcome legal barriers to housing, healthcare, and income. CVLC advocates on behalf of marginalized veterans, including providing legal assistance to individuals who have been denied critical disability benefits by the VA. CVLC also spearheads advocacy and education efforts on behalf of veterans within the state and nationally and produces manuals for veterans' legal services nationwide. Because experiencing military sexual trauma (MST), particularly for male veterans, is a significant risk factor for homelessness and serious mental health conditions, information on bias against male MST survivors is central to CVLC's ability to serve veterans.

5. Defendant Department of Veterans Affairs is the federal agency responsible for coordinating and supervising government activity related to the administration of benefits to veterans of the U.S. military. The VA is an agency within the meaning of 5 U.S.C. § 552(f).

STATEMENT OF FACTS

The VA Adjudicatory System Harbors Gender-Based Biases

6. All veterans are owed a fair and impartial hearing when seeking disability

compensation benefits. The VA is obligated by statute, by its own regulations, and under the due process and equal protection clauses of the U.S. Constitution to provide such a hearing. *See, e.g.*, 38 CFR 3.103.

7. Veterans who have experienced military sexual trauma (MST) often desperately need the benefits that they earned in service in order to heal. Yet, preliminary evidence suggests that these are the very veterans against whom Veterans Law Judges (VLJs) discriminate.

8. The limited records that the VA has returned in response to Plaintiffs' requests thus far fail to include data on MST-related claims. However, they show that male veterans are still less likely to be granted disability benefits for post-traumatic stress disorder on appeal to the BVA than female veterans, and are likelier to have their claim remanded or denied outright. As long as the VA refuses to share disaggregated MST-specific data, plaintiffs are unable to confirm whether this disparity is related to VLJs' bias against male survivors of MST.

9. Generally, however, survivors of sexual assault who contravene gender stereotypes are less likely to be believed. In the context of military culture, this mechanism can operate against male servicemembers. *See O'Brien et al., Don't Tell: Military Culture and Male Rape*, 12 PSYCH. SERVICES 357 (2015) (categorizing the myths that persist in military culture as "men don't get raped" or at least "real men/strong men don't get raped;" "male on male rape is about homosexuality;" and "male rape is not serious," among others).

10. As the Department of Defense has acknowledged, male survivors are often "afraid of their friends or teammates finding out what happened to them. They believe they will be looked at as less than a man, that they will be ostracized and shunned. And, many victims see the assault as the death-knell to their careers." Jim Garamone, *Experts: Males Are Also Victims of Sexual Assault*, DoD News (Feb. 20, 2015).

11. Servicemembers' fears of social and professional retaliation for reporting and seeking treatment for sexual assault are well-founded. Prior to the repeal of Don't Ask, Don't Tell in 2011, for example, male service members who were assaulted by men were often discharged for engaging in homosexual conduct. Nathaniel Penn, "Son, Men Don't Get Raped," GQ (Sept. 2, 2014). Even after the repeal, servicemembers who report sexual assault face high rates of retaliatory discharge. See Human Rights Watch, *Booted: Lack of Resource for Wrongfully Discharged US Military Rape Survivors* (2013).

12. To the extent that male survivors of MST deviate from the stereotypical masculine ideal or are assumed to be gay, VLJs have expressed attitudes that would suggest bias against them. The Merit Systems Protection Board (MSPB) found in 2017 that multiple VLJs had engaged in sexist, racist, and homophobic stereotyping while on the job, including in an online platform that participants nicknamed the "Forum of Hate." See *VA v. Markey*, 2017 MSPB LEXIS 4774, *4-8 (M.S.P.B. Nov. 9, 2017).

13. For more than seven years, several VLJs and board attorneys at the BVA sent racist, sexist, and homophobic communications using government email servers. These employees used derogatory terms to describe sexual intercourse with female employees; referred to male BVA employees as "butt buddies" and speculated about whether they engaged in oral sex with one another; and favorably cited the Ku Klux Klan. After making a "joke" about same sex relationships, one participant wrote, "I am clearly filled with hate. Need to stop." The VLJ responded, "[N]o!! actually keeps it sane here." *Id.* at *37.

14. As part of a decision to uphold the termination of one of the VLJs involved, the MSPB found that "It is logical for the public to conclude Respondent and other [Forum of Hate] members are prejudiced against homosexuals." *Id.* at *8. These individuals were tasked with the

adjudication of sensitive claims involving disability and military sexual trauma; it is logical, also, for male veteran survivors of MST to conclude that the VLJ adjudicatory system is prejudiced against them.

FOIA Requires Transparency regarding the BVA's Treatment of Survivors of MST

15. Plaintiffs' FOIA requests seek to identify similar disparities in grant and denial rates of claims related to MST by individual VLJs.

16. The VA disability compensation program is a lifeline. The VA has a legal duty to assist veterans and must afford them the benefit of the doubt, not a deck stacked against them by prejudice. *See* 38 USCS § 5107 (stating that the Secretary "shall give the benefit of the doubt to the claimant" where there is an "approximate balance of positive and negative evidence"). Consequently, the VA has a responsibility to ensure that veterans' claims are decided not on the basis of gender or stereotypes, but on the facts and the law.

17. When the VA skirts its legal obligations to veterans, transparency and public oversight become necessary.

18. The public has a strong interest in information that reveals the effectiveness of efforts to support veterans who have experienced MST in an equitable manner, given the enormity of the sexual assault epidemic in the U.S. military, and its emotional and financial ramifications on veterans, particularly those veterans whose MST-related claim are denied. This information includes records regarding gender disparities in the handling of MST-related disability benefits claims by VLJs.

19. Perhaps most critically, veterans deserve full transparency when their due process and equal protection rights are at stake, whether they put the data collected to use in broader political advocacy, or in their own disability benefits appeals.

The Plaintiffs' FOIA Requests

20. On August 23, 2017, Plaintiffs submitted a Freedom of Information Act (FOIA) request to the Department of Veterans Affairs seeking information about the VA's treatment of survivors of sexual harassment, assault, and rape. This request is enclosed as Exhibit A, and has been assigned FOIA tracking number 17-12817-F.

21. Plaintiff's FOIA request seeks records on the gender breakdown of the dispositions of claims with military sexual trauma elements at the Board of Veterans Appeals. Specifically, Plaintiffs have requested statistics on the disability benefit requests allowed, remanded, or denied by type of disability claimed.

22. Plaintiffs received a letter from the VA on September 21, the day on which the twenty working day period for response provided by FOIA expired, stating that the VA was processing the request. VA FOIA officer Margaret Peak told Plaintiffs' counsel over the phone the same day that the VA's response would arrive within two weeks.

23. On October 31, twenty-seven working days after the initial period for response provided by FOIA expired, the VA provided its final disposition on Plaintiffs' requests. It is attached as Exhibit B.

24. The VA provided some responsive records in its final disposition. Specifically, it adequately addressed Plaintiffs' first and second requests, and subpart (a) of Plaintiffs' third, fourth, fifth, and sixth requests.

25. However, the VA failed to respond adequately to subparts b, c, and d of Plaintiffs' third, fourth, fifth, and sixth requests. Critically, these are the subparts that ask the VA to provide, for each individual VLJ, the total number of Board decisions that were allowed, remanded, and denied, by disability claimed and by gender. The records provided do not include data on claims

related to MST.

26. The VA failed to conduct an adequate search for records. The VA failed to specify its search methods and provided no explanation for withholding records, and so Plaintiffs timely appealed the VA's final disposition, attached as Exhibit C. on November 17.

27. The twenty working day period for response provided by the FOIA expired on December 18. Over two months later, the VA has still not responded substantively to Plaintiffs' appeal.

28. On December 11, Plaintiffs received a letter informing them that the VA was "unable to offer an estimate as to when [their] appeal will be completed."

29. After another month and a half of silence, on January 29, 2018, the VA sent Plaintiffs a letter stating that their appeal had been remanded to a FOIA officer at the Board of Veterans Appeals. The letter is attached as Exhibit D. The FOIA officer has been instructed to provide Plaintiffs with another "Initial Agency Decision containing a detailed index, if applicable, covering the responsive information, the exemptions applicable to that information, the rationale for the use of each exemption and the number of pages associated with that information," and "a description of the search conducted in this case." The letter provides no indication of when the FOIA officer will complete review.

CLAIMS FOR RELIEF

30. Plaintiffs repeat and incorporate every allegation contained in paragraphs 1-29 as if set forth here in full.

31. Defendant's failure to notify Plaintiffs within 20 days (excepting Saturdays, Sundays, and legal public holidays) whether it will comply with their requests violated their rights to records under 5 U.S.C. § 552(a)(6)(A) and 5 U.S.C. § 552(a)(3)(A).

32. Defendant's failure to release responsive, non-exempt records violated Plaintiffs' right to those records under 5 U.S.C. § 552(a)(3)(A).

33. Defendant's failure to make a reasonable search for responsive records violated Plaintiffs' rights under 5 U.S.C. § 552(a)(3)(C).

34. Defendant's withholding of responsive records under 5 U.S.C. § 552(b)(6) violated Plaintiffs' rights under 5 U.S.C. § 552(a)(3)(C).

REQUESTED RELIEF

WHEREFORE, Plaintiffs Protect Our Defenders and Connecticut Veterans Legal Center respectfully request that this Court:

1. Order Defendant to conduct a reasonable search for records responsive to their requests;
2. Order Defendant to disclose and release the requested records in their entireties;
3. Order Defendant to grant a full fee waiver to Plaintiffs;
4. Provide for expeditious proceedings in this action;
5. Award Plaintiffs costs and reasonable attorney's fees in this action as provided by 5 U.S.C. § 552(a)(1)-(2); and
6. Grant any other and further relief the Court deems appropriate.

Re: Request Under the Freedom of Information Act for Records Related to the Board of Veterans Appeals Procedures

To Whom It May Concern:

This letter constitutes a request (“Request”), pursuant to the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552, for records¹ in the possession of the United States Department of Veterans Affairs. The Request is submitted on behalf of Protect Our Defenders (POD) and the Connecticut Veterans Legal Center (CVLC), also referred to as the “Requesters.”

POD and CVLC request that you provide records related to the Board of Veterans Appeals (“BVA” or “Board”) procedures. Specifically, Requesters ask that you provide:

1. Records sufficient to show the number of individual Veterans Law Judges (“VLJ”) on the Board, per year, from FY2006 to the present.
2. Records sufficient to show, for each individual VLJ, the total number of Board decisions, by year, from FY2006 to the present.
3. Records regarding the number of Board decisions that were allowed.² This includes records sufficient to show, by year, from FY2006 to the present:
 - a. For each individual VLJ, the total number of Board decisions that were allowed.
 - b. For each individual VLJ, the total number of Board decisions that were allowed for male applicants.
 - c. For each individual VLJ, the total number of Board decisions that were allowed for female applicants.

¹ The term “records” as used herein includes all records or communications preserved in electronic or written form, including but not limited to correspondence, documents, data, videotapes, audio tapes, emails, faxes, files, guidance, guidelines, evaluations, instructions, analyses, memoranda, agreements, notes, orders, policies, procedures, protocols, reports, rules, technical manuals, technical specifications, training manuals, or studies.

² The most recent (FY 2015) Annual Report of the Chairman of the Board of Veterans Appeals includes statistical data that describes Board dispositions as allowed, denied, remanded, or other (i.e. dismissals). *Board of Veterans’ Appeals Annual Report*, US DEPARTMENT OF VETERANS AFFAIRS, 26–28 (2016).

- d. For each individual VLJ, the total number of Board decisions that were allowed for each type of disability claimed, including the number that were allowed that addressed military sexual trauma (“MST”).³
4. Records regarding the number of Board decisions that were remanded. This includes records sufficient to show, by year, from FY2006 to the present:
 - a. For each individual VLJ, the total number of Board decisions that were remanded.
 - b. For each individual VLJ, the total number of Board decisions that were remanded for male applicants.
 - c. For each individual VLJ, the total number of Board decisions that were remanded for female applicants.
 - d. For each individual VLJ, the total number of Board decisions that were remanded for each type of disability claimed, including the number that were remanded that addressed MST.
5. Records regarding the number of Board decisions that were denied. This includes records sufficient to show, by year, from FY2006 to the present:
 - a. For each individual VLJ, the total number of Board decisions that were denied.
 - b. For each individual VLJ, the total number of Board decisions that were denied for male applicants.
 - c. For each individual VLJ, the total number of Board decisions that were denied for female applicants.
 - d. For each individual VLJ, the total number of Board decisions that were denied for each type of disability claimed, including the number that were denied that addressed MST.
6. Records regarding the number of Board decisions that were dismissed. This includes records sufficient to show, by year, from FY2006 to the present:
 - a. For each individual VLJ, the total number of Board decisions that were dismissed.
 - b. For each individual VLJ, the total number of Board decisions that were dismissed for male applicants.
 - c. For each individual VLJ, the total number of Board decisions that were dismissed for female applicants.
 - d. For each individual VLJ, the total number of Board decisions that were dismissed for each type of disability claimed, including the number that were dismissed that addressed MST.

If the VA believes it would be in the interest of all parties to discuss ways to narrow the scope of this Request in order to provide responsive documents more expeditiously, please contact undersigned counsel.

³ As used herein, “military sexual trauma” means “psychological trauma, which... resulted from a physical assault of a sexual nature, battery of a sexual nature, or sexual harassment which occurred while the veteran was serving on active duty, active duty for training, or inactive duty training.” 38 U.S.C. § 1720D(a)(1). “Sexual harassment” means “repeated, unsolicited verbal or physical contact of a sexual nature which is threatening in character.” *Id.* at (f).

Requesters agree to pay search, duplication, and review fees up to \$100. If the fees amount to more than \$100, Requesters request a fee waiver pursuant to 5 U.S.C. § 552(a)(4)(A)(iii). FOIA requires federal agencies to furnish documents at zero or reduced charges if “disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.” 5 U.S.C. § 552(a)(4)(A)(iii). FOIA’s legislative history makes clear that the “fee waiver provision . . . is to be liberally construed in favor of waivers for noncommercial requesters.” *Fed. Cure v. Lappin*, 602 F. Supp. 2d 197, 201 (D.D.C. 2009) (internal quotation marks omitted); *see also Serv. Women’s Action Network v. DOD*, 888 F. Supp. 282, 288–90 (D. Conn. 2012) (granting a public interest fee waiver to Plaintiffs seeking records relating to sexual assault, equal opportunity, sexual harassment, and domestic violence complaints from all military departments).

Disclosure of the requested information would directly shed light on identifiable operations and activities of the Federal Government. 5 U.S.C. § 552(a)(4)(A)(iii). The Department of Veterans Affairs and its Components are part of the Federal Government. The records requested concern the procedures of the Board of Veterans Appeals.

The subject of this Request indisputably involves issues that will “contribute significantly to public understanding” of the operations or activities of the Department of Veterans Affairs. 5 U.S.C. § 552(a)(4)(A)(iii). Determining whether a request involves issues that will significantly contribute to public understanding requires consideration of whether disclosure of the requested records will be meaningfully informative and whether the disclosure contributes to the understanding of a reasonably broad audience of persons interested in the subject.

The information requested will be meaningfully informative because the Department of Veterans Affairs has failed to provide veterans and the general public with adequate information regarding the procedures, particularly the results, of the BVA.

Further, disclosure contributes to the understanding of a reasonably broad audience of persons interested in the subject. Requester POD is the “only national organization solely dedicated to ending the epidemic of rape and sexual assault in the military.”⁴ POD has expertise in researching and disseminating information to the public regarding military sexual trauma and the military justice system generally.⁵ This expertise is recognized by members of Congress, the press, and advocacy organizations who rely on POD’s reports for policy analysis.⁶ POD has the ability and intention to convey information to the public as evidenced by their large network consisting of over 79,000 newsletter subscribers and over 24,000 social media subscribers.⁷ This ability is further evidenced by POD’s experience in aggregating data and creating reports that receive attention from nationwide news sources.⁸ Likewise, Requester

CVLC has expertise in advocacy and education on behalf of veterans, evidencing that CVLC also has the ability and intention to convey information to the public. In addition to communicating information with the general public in the state of Connecticut,⁹ CVLC has the ability to reach nationwide public audiences through national news organizations¹⁰ and manuals produced by CVLC that are referenced nationwide.¹¹

Disclosure of information in this matter is not primarily in the commercial interest of the Requesters. Requester CVLC is a nonprofit organization whose primary goal is to assist veterans. Similarly, Requester POD is a nonprofit organization whose primary goal is to assist veterans with a focus on military sexual trauma. Requesters will make no commercial use of the requested information and have no commercial interest in accessing the requested records. Therefore, the Requester's primary interest in disclosure is not commercial.

Finally, Requesters expect the determination of this Request within twenty business days pursuant to 5 U.S.C. §552(a)(6)(A)(i). If this Request is denied in whole or in part, please justify all redactions by reference to the specific FOIA exemption(s) in accordance with *Vaughn v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973). In addition, please release all disclosable portions of otherwise exempt material. We reserve the right to appeal your decision to withhold any information or to deny a fee waiver.

Dear Mr. Wishnie:

This letter is in response to your Freedom of Information Act (FOIA)/Privacy Act information request dated August 23, 2017, which was received in my office on September 20, 2017. Your request is for six categories of statistical information covering the time period from October 1, 2005 to the present. The requests are for:

1. Records sufficient to show the number of individual Veterans Law Judges (VLJ) on the Board, per year from FY 2006 to the present.
2. Records sufficient to show, for each individual VLJ, the number of Board decisions, by year, from FY 2006 to the present.
3. Records regarding the number of Board decisions that were allowed. This includes records sufficient to show, by year, from FY 2006 to the present:
 - a. For each individual VLJ, the number of decisions, that were allowed.
 - b. For each individual VLJ, the number of decisions, that were allowed for male applicants.
 - c. For each individual VLJ, the number of decisions, that were allowed for female applicants.
 - d. For each individual VLJ, the number of decisions, that were allowed for each type of disability claimed, including the number that were allowed that addressed military sexual trauma (MST).
4. Records regarding the number of decisions that were remanded. This includes records sufficient to show, by year, from FY 2006 to the present:
 - a. For each individual VLJ the total number of Board decisions that were remanded.
 - b. For each individual VLJ the total number of Board decisions that were remanded for male applicants.

October 31, 2017

17-12817-F

- c. For each individual VLJ the total number of Board decisions that were remanded for female applicants.
 - d. For each individual VLJ, the number of decisions, that were remanded for each type of disability claimed, including the number that were remanded that addressed military sexual trauma (MST).
5. Records regarding the number of decisions that were denied. This includes records sufficient to show, by year, from FY 2006 to the present:
 - a. For each individual VLJ the total number of Board decisions that were denied.
 - b. For each individual VLJ the total number of Board decisions that were denied for male applicants.
 - c. For each individual VLJ the total number of Board decisions that were denied for female applicants.
 - d. For each individual VLJ, the number of decisions, that were denied for each type of disability claimed, including the number that were denied that addressed military sexual trauma (MST).
6. Records regarding the number of decisions that were dismissed. This includes records sufficient to show, by year, from FY 2006 to the present:
 - a. For each individual VLJ the total number of Board decisions that were dismissed.
 - b. For each individual VLJ the total number of Board decisions that were dismissed for male applicants.
 - c. For each individual VLJ the total number of Board decisions that were dismissed for female applicants.
 - d. For each individual VLJ, the number of decisions, that were dismissed for each type of disability claimed, including the number that were dismissed that addressed military sexual trauma (MST).

Enclosed please find the requested statistics in 13 documents comprising 52 pages. I hope the information will be useful to you.

If you are unsatisfied with this response, please know that as part of the 2007 FOIA amendments, the Office of Government Information Services (OGIS) was created to offer mediation services. Similarly, as part of the FOIA Improvement Act of 2016, VA established a FOIA Public Liaison to offer mediation services. Both OGIS and the VA Public Liaison will assist in resolving disputes between FOIA requesters and VA as a non-exclusive alternative to litigation. Using OGIS or the VA FOIA Public Liaison does not affect your right to pursue litigation. You may contact OGIS or the VA Public Liaison in any of the following ways:

Re: FOIA Appeal,
17-12817-F

Dear Assistant General Counsel:

In a letter dated October 31, 2017, the Department of Veterans Affairs (“VA”) responded to the above-captioned Freedom of Information Act Request (“FOIA Request”) submitted by our clients Protect Our Defenders and the Connecticut Veterans Legal Center (“Requesters”) seeking records concerning the Veterans Law Judges’ (“VLJs”) treatment of military sexual trauma (“MST”) claims. The original request and the letter containing the VA’s final disposition are enclosed.

In its response, the VA did not sufficiently respond to Requesters’ inquiries in paragraphs 3, 4, 5, and 6. The VA supplied aggregate data regarding the treatment of post-traumatic stress disorder (“PTSD”) and non-PTSD claims for men and women, but declined to provide data that would allow Requesters to determine how individual VLJs address these claims. Accordingly, the VA did not supply records sufficient to show:

3b. For each individual VLJ, the total number of Board decisions that were allowed for male applicants;

3c. For each individual VLJ, the total number of Board decisions that were allowed for female applicants;

3d. For each individual VLJ, the total number of Board decisions that were allowed for each type of disability claimed, including the number that were allowed that addressed military sexual trauma (“MST”);

4b. For each individual VLJ, the total number of Board decisions that were remanded for male applicants;

4c. For each individual VLJ, the total number of Board decisions that were remanded for female applicants;

4d. For each individual VLJ, the total number of Board decisions that were remanded for each type of disability claimed, including the number that were allowed that addressed military sexual trauma (“MST”);

Page 2 of 2
November 17, 2017

5b. For each individual VLJ, the total number of Board decisions that were denied for male applicants;

5c. For each individual VLJ, the total number of Board decisions that were denied for female applicants;

5d. For each individual VLJ, the total number of Board decisions that were remanded for each type of disability claimed, including the number that were allowed that addressed military sexual trauma ("MST");

6b. For each individual VLJ, the total number of Board decisions that were dismissed for male applicants;

6c. For each individual VLJ, the total number of Board decisions that were dismissed for female applicants;

6d. For each individual VLJ, the total number of Board decisions that were dismissed for each type of disability claimed, including the number that were allowed that addressed military sexual trauma ("MST").

Requesters hereby appeal the VA's response to their requests on the ground that the VA failed to conduct an adequate search for the records at issue. FOIA requires that in responding to a request, "an agency shall make reasonable efforts to search for the records in electronic form or format, except when such efforts would significantly interfere with the operation of the agency's automated information system." 5 U.S.C. § 552(a)(3)(C). The VA has not shown that its search was adequate.

When the adequacy of an agency's search is at issue—as it is in this case—the agency "must show beyond material doubt that it has conducted a search reasonably calculated to uncover all relevant documents." *El Badrawi v. Dep't of Homeland Sec.*, 583 F.Supp.2d 285, 298 (D. Conn. 2008) (quoting *Morley v. CIA*, 508 F.3d 1108, 1114 (D.C. Cir.2007)). The VA has not demonstrated "beyond material doubt" that it conducted an adequate search, as its letter to Requesters did not include any information regarding the VA's search methods. The VA has not described its search methods or collections of data in a way that suggests that its limited search was thorough or reasonable. The VA provides little explanation about what type of searching, if any, it conducted to produce these records, nor has the VA shown a search would be "unreasonably burdensome" and therefore not necessary. *Ruotolo v. Dep't of Justice, Tax Div.*, 53 F.3d 4, 9 (2nd Cir. 1995).

Because the VA did not provide sufficient information to Requesters regarding its search methods, Requesters are unable to determine whether the VA's efforts to identify records were adequate. Requesters hereby appeal the VA's response to their request on the ground that the VA failed to conduct an adequate search for the records at issue. Pursuant to 5 U.S.C. § 552(a)(6)(A)(ii), Requesters expect a response to their administrative appeal within twenty days.

Please furnish all applicable records to:

Re: Request Under the Freedom of Information Act for Records Related to the Board of Veterans Appeals Procedures

To Whom It May Concern:

This letter constitutes a request (“Request”), pursuant to the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552, for records¹ in the possession of the United States Department of Veterans Affairs. The Request is submitted on behalf of Protect Our Defenders (POD) and the Connecticut Veterans Legal Center (CVLC), also referred to as the “Requesters.”

POD and CVLC request that you provide records related to the Board of Veterans Appeals (“BVA” or “Board”) procedures. Specifically, Requesters ask that you provide:

1. Records sufficient to show the number of individual Veterans Law Judges (“VLJ”) on the Board, per year, from FY2006 to the present.
2. Records sufficient to show, for each individual VLJ, the total number of Board decisions, by year, from FY2006 to the present.
3. Records regarding the number of Board decisions that were allowed.² This includes records sufficient to show, by year, from FY2006 to the present:
 - a. For each individual VLJ, the total number of Board decisions that were allowed.
 - b. For each individual VLJ, the total number of Board decisions that were allowed for male applicants.
 - c. For each individual VLJ, the total number of Board decisions that were allowed for female applicants.

¹ The term “records” as used herein includes all records or communications preserved in electronic or written form, including but not limited to correspondence, documents, data, videotapes, audio tapes, emails, faxes, files, guidance, guidelines, evaluations, instructions, analyses, memoranda, agreements, notes, orders, policies, procedures, protocols, reports, rules, technical manuals, technical specifications, training manuals, or studies.

If the VA believes it would be in the interest of all parties to discuss ways to narrow the scope of this Request in order to provide responsive documents more expeditiously, please contact undersigned counsel.

³ As used herein, "military sexual trauma" means "psychological trauma, which... resulted from a physical assault of a sexual nature, battery of a sexual nature, or sexual harassment which occurred while the veteran was serving on active duty, active duty for training, or inactive duty training." 38 U.S.C. § 1720D(a)(1). "Sexual harassment" means "repeated, unsolicited verbal or physical contact of a sexual nature which is threatening in character." *Id.* at (f).

Requesters agree to pay search, duplication, and review fees up to \$100. If the fees amount to more than \$100, Requesters request a fee waiver pursuant to 5 U.S.C. § 552(a)(4)(A)(iii). FOIA requires federal agencies to furnish documents at zero or reduced charges if “disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.” 5 U.S.C. § 552(a)(4)(A)(iii). FOIA’s legislative history makes clear that the “fee waiver provision . . . is to be liberally construed in favor of waivers for noncommercial requesters.” *Fed. Cure v. Lappin*, 602 F. Supp. 2d 197, 201 (D.D.C. 2009) (internal quotation marks omitted); *see also Serv. Women’s Action Network v. DOD*, 888 F. Supp. 282, 288–90 (D. Conn. 2012) (granting a public interest fee waiver to Plaintiffs seeking records relating to sexual assault, equal opportunity, sexual harassment, and domestic violence complaints from all military departments).

Disclosure of the requested information would directly shed light on identifiable operations and activities of the Federal Government. 5 U.S.C. § 552(a)(4)(A)(iii). The Department of Veterans Affairs and its Components are part of the Federal Government. The records requested concern the procedures of the Board of Veterans Appeals.

The subject of this Request indisputably involves issues that will “contribute significantly to public understanding” of the operations or activities of the Department of Veterans Affairs. 5 U.S.C. § 552(a)(4)(A)(iii). Determining whether a request involves issues that will significantly contribute to public understanding requires consideration of whether disclosure of the requested records will be meaningfully informative and whether the disclosure contributes to the understanding of a reasonably broad audience of persons interested in the subject.

The information requested will be meaningfully informative because the Department of Veterans Affairs has failed to provide veterans and the general public with adequate information regarding the procedures, particularly the results, of the BVA.

Further, disclosure contributes to the understanding of a reasonably broad audience of persons interested in the subject. Requester POD is the “only national organization solely dedicated to ending the epidemic of rape and sexual assault in the military.”⁴ POD has expertise in researching and disseminating information to the public regarding military sexual trauma and the military justice system generally.⁵ This expertise is recognized by members of Congress, the press, and advocacy organizations who rely on POD’s reports for policy analysis.⁶ POD has the ability and intention to convey information to the public as evidenced by their large network consisting of over 79,000 newsletter subscribers and over 24,000 social media subscribers.⁷ This ability is further evidenced by POD’s experience in aggregating data and creating reports that receive attention from nationwide news sources.⁸ Likewise, Requester

Dear Ms. Brooks:

This letter is in response to your Freedom of Information Act (FOIA) appeal received in this office in November 2017; you appealed the determination of the Board of Veterans' Appeals (BVA), Department of Veterans Affairs (VA), in Washington, DC.

Initial requests Briefly stated, you sought information regarding BVA procedures and determinations made by BVA judges.

Fees There is no indication that the applicability of fees pursuant to VA's FOIA fee regulation (38 C.F.R. 1.561) was considered.

Procedural History

Initial Agency Decision (IAD)/Appeal BVA issued an IAD dated October 31, 2017; you submitted an appeal of the IAD, received in this office on November 20, 2017.

Relevant Law We have thoroughly reviewed your submission under the provisions of the FOIA, which provides that federal agencies must disclose records requested

unless they may be withheld in accordance with one or more of nine statutory exemptions (5 U.S.C. § 552(b)).

Analysis Upon review of the record, we have determined that further development by the BVA FOIA Officer is warranted. The BVA must ensure that an adequate search was conducted, for example, and that a complete administrative record is assembled and available to provide to this office as necessary.

Conclusion Based upon the overall administrative record we received, we are remanding this matter back to the FOIA Officer for further consideration. We also directed the FOIA Officer to provide you with a subsequent IAD containing a detailed index, if applicable, covering the responsive information, the exemptions applicable to that information, the rationale for the use of each exemption and the number of pages associated with that information; lastly, advised BVA to provide a description of the search conducted in this case.

Please note that as part of the 2007 FOIA amendments, the Office of Government Information Services (OGIS) was created to offer mediation services. Similarly, as part of the FOIA Improvement Act of 2016, VA established a FOIA Public Liaison to offer mediation services. Both OGIS and the VA Public Liaison will assist in resolving disputes between FOIA requesters and VA as a non-exclusive alternative to litigation.
