

2022-2023 Parent Information Worksheet

Yale Law School Financial Aid Application and Scholarship Tool (FAAST)

FAAST : Frequently Asked Questions

Q – Why is parent data required?

As a need-based financial aid institution, it is critical that YLS assess a student's full economic situation and resources available. For students 28 years of age or younger (as of December 31st of the academic year for which they are seeking aid), we require both custodial and non-custodial parents to complete the application.

Additional information on how parent data is then used in the financial aid calculation is available on the main [YLS Financial Aid website](#).

Q - What are the hardware and software requirements for Need Access?

You need a computer with a web browser installed and access to the Internet. Please have JavaScript and "cookies" enabled in your web browser. We support Internet Explorer 10.0, 11.0, and the most recent versions of Firefox, Safari and Chrome.

Q - What type of information will I need to complete FAAST?

This worksheet includes "Helpful Data to Complete FAAST" (page 6) - a checklist of key income, expense and asset documentation to have available while working on the application.

This worksheet provides a step-by-step instruction guide for the Parent portion of the FAAST application including detailed explanations of the application questions, Frequently Asked Questions and a checklist of helpful data to have available while filling out the application.

Yale Law School requires parental data for any student applicant 28 years of age or younger who is seeking need-based aid. In the case of parents who are divorced or not presently married, the student designates a "custodial" vs. "non-custodial" parent (a definition of those terms is provided in the Frequently Asked Question section of this Worksheet) and each parent is issued a separate system access PIN, establishes their own secure password log in, and submits their own confidential FAAST application.

Note that this worksheet is based on all the potential Parent questions in the FAAST system. However, not all of the questions listed on the worksheet will appear for you to actually complete. FAAST uses your initial responses to questions to then determine what follow up questions are required and, as such, minimizes the number of questions you must actually complete. The goal of FAAST is to have you complete a nominal amount of questions specific to your individual financial situation while at the same time providing Yale Law School with sufficient information to perform an equitable financial need analysis of the student applicant.

Many of the questions will require a mandatory response before proceeding in the application. In the case of mandatory questions that require a numeric response, enter 0 (or \$0) if the question is not applicable to your circumstance.

We encourage applicant parents to review this worksheet prior to beginning the FAAST application and also to keep the worksheet accessible while actually completing the FAAST application. You are also encouraged to reach out to YLS Financial Aid through our designated FAAST email (FAAST.law@yale.edu) with any questions on the application.

FAAST : Frequently Asked Questions

Q – How long does it take to fill out the application?

FAAST is meant to personalize the aid application experience, required questions are generated on the basis of your own responses to prior questions. As such, the experience of completing FAAST will never be the same for any two applicants. FAAST is designed to be as simple and efficient as possible for applicants while still yielding YLS with necessary data to making an equitable aid award.

Q - Can I begin an application now and return later?

Yes. FAAST automatically saves any data that you input so that you can begin an application, log out and return to where you left off. The status bar tracks both where you are in the application process and what remains to be completed with the parent application record.

Q – How do parent(s) access FAAST and how will my application link to my student's application?

Once a student has submitted their portion of FAAST, they receive a confirmation email that includes a URL that their parent(s) will use to log into the FAAST system. This designated URL will automatically link the student application record with the parent application record. You will also be asked to establish your own parent username and password to access the system.

FAAST : Frequently Asked Questions

Q - I have not filed my income taxes yet.

What should I do?

If you can, try to complete your federal income tax form prior to beginning FAAST. When that is not possible, you may "estimate" your tax return data by using a combination of your prior year's tax returns and any current year documents (W-2s, 1099's, interest/dividend statements, etc.) that you have as a resource. Try to be as accurate in your estimate as possible so that a valid aid award can be made initially which will not have to be revised or changed later in the process. Note that when presented with the question asking you to select the "Source of Following U.S. Tax Figures", and you have not yet filed your taxes, choose an estimated version of the form you anticipate that you will complete.

Q - I am not a U.S. citizen and received income from non-U.S. sources. How should I complete the application?

As a parent who did not file a non-U.S. tax form, you will be asked similar questions about your income and assets without reference to the IRS forms. You should convert any foreign currency into U.S. dollars to complete the application. If your tax year is not equivalent to the U.S. calendar tax year, then provide financial information for the most recently completed tax year.

- Relationship to student:
 - 1) Student's parent/step-parent
 - 2) Student's brother/sister
 - 3) Student's spouse
 - 4) Student's son/daughter
 - 5) Student's grandparent

For all questions in this section—if the parent is presently married, intends to be married as of 9/1/22 or is not married but is living with the student's other parent, responses should include joint income information. If the parent is not married, responses should include just the parent's individual income.

FAAST : Frequently Asked Questions

Q - I am divorced or not currently married to my child's other parent. How do we complete the form?

The student will receive two separate emails with two separate URLs and must designate one for the "Custodial Parent" and one for the "Non-Custodial parent." The main supporting parent (and stepparent if applicable) is defined as the parent whom the student lived with for the majority of the time in the last 12 months and should be issued the "Custodial Parent" URL. If the student did not live with either parent more than the other in the last 12 months, the Custodial Parent is the one who provided the most financial support during that time. If neither parent provided greater support during the last 12 months, it is the parent who most recently provided the greatest financial support. The other parent (and stepparent if applicable) should be issued the "Non-Custodial Parent" URL. After initial log in, each parent will be prompted to establish their own secure password and submit separate confidential applications.

Q - Will my student see my parental financial information?

**FAAST :
Frequently
Asked Questions**

Q - Can the student complete the Parent portion of FAAST on behalf of my parents?

We recognize that in some cases parents may not have ready access to technology or may have logistical or communication challenges with the present online system. If a parent is unable to do so, the student may complete the application on their behalf with their permission. If so, it is critical that the student log in using the URL provided to the parent to link the Student and Parent sections of the application. Parent information, particularly financial data, must be as accurate as possible. Incoming students are required to submit tax return documentation later in the financial aid process that will be verified against the FAAST data. If there are variances in that review, aid awards will be revised.

Q - A question is unclear or needs clarification - where can I go for help to understand what information is needed?

The first source for assistance is this Parent Worksheet- which provides a step by step instructional guide and a more detailed explanation and clarification of each question.
