_____ Other: (specify below – attach additional narrative/documentation if necessary)

Note: Financial aid is awarded based on tuition, mandatory fees, books and supplies and a standard living expense budget known as "Cost-of-Attendance". A student may complete this form to request a review of his/her specific circumstances and adjustment of the "Cost-of-Attendance" figure. Federal regulations, in general, only permit increases to cover education-related and living costs of the STUDENT. The financial aid staff will review all budget revisions in the context of their ability to exercise professional judgment. Additional documentation may be requested in that review. All decisions made by the financial aid staff are final.
