2017-2018 Financial Aid

Required Notification & Confirmation

Please complete and return this form to us as soon as possible. We cannot certify eligibility for a student loan or release scholarship funds without the receipt of this completed and signed form. Please submit this document, along with additional required documents, as listed in the instructions to the Financial Aid Office. You must complete all sections. Upon receipt of all of the required forms, we will send an electronic certification to your lender/servicer that will, in turn, send you a notice instructing you to go to their website to submit an electronic signature on the Master Promissory Note (MPN). You will also receive a notice from Yale University with instructions on completing the required online Entrance Interview.

Please note that by signing this form, you are authorizing the U.S. Department of Education (USDE) to investigate your credit record. The GradPLUS loan will show as an anticipated credit on the student's billing account when the loan is pre-approved by USDE and the master promissory note (MPN) has been e-signed. Instructions for e-signing your MPN will be sent to you once your credit has been approved.
